ELEVATE REAL ESTATE

Annual Report 2024

Villas | Apartments | North Coast Chalets
New Cairo • Sheikh Zayed • North Coast, Egypt

Prepared for internal and investor briefing purposes.
This is a fictional company created for demonstration purposes only.

1. Company Overview

Elevate Real Estate is a residential brokerage firm founded in 2016 and headquartered in New Cairo, Egypt. The company specializes in the sale of villas, twin houses, apartments, and seasonal chalets across Greater Cairo and the North Coast. Elevate positions itself as a boutique, service-first brokerage, pairing licensed sales consultants with developers to match buyers to primary and resale units.

The company operates three physical offices — in New Cairo, Sheikh Zayed, and a seasonal branch in Sahel that opens each year from April through September — supported by a digital sales team handling inquiries from overseas Egyptian buyers.

Metric	Detail
Founded	2016
Headquarters	New Cairo, Egypt
Offices	New Cairo, Sheikh Zayed, North Coast (seasonal)
Employees	97 (including 68 licensed sales consultants)
Core Business	Villas, twin houses, apartments, chalets

2. Financial Highlights

Elevate Real Estate closed 2024 with its strongest sales performance to date, driven by continued demand for villas in New Cairo and a rebound in North Coast chalet bookings.

Metric	2024	2023	Change
Total Sales Value	EGP 2.85 billion	EGP 2.10 billion	+35.7%
Units Sold	512	430	+19.1%
Commission Revenue	EGP 85.5 million	EGP 63 million	+35.7%
Average Commission Rate	3.0%	3.0%	—
Average Unit Price	EGP 5.6 million	EGP 4.9 million	+14.3%

Growth was driven primarily by strong villa demand in New Cairo and a 22% year-on-year increase in North Coast chalet sales during the summer season.

3. Property Portfolio & Segments

Elevate's sales are organized across three property segments, each contributing differently to total sales value in 2024:

Segment	Share of 2024 Sales	Price Range (EGP)
Villas & Twin Houses	42%	10M – 35M
Apartments & Duplexes	43%	3M – 9M
North Coast Chalets	15%	3.5M – 12M

Featured Projects Represented

Project	Location	Starting Price
Elevate Hills	New Cairo	EGP 12.5M (villas)
Zayed Meadows	Sheikh Zayed	EGP 3.8M (apartments)
Marina Rise	North Coast	EGP 4.2M (chalets)

4. Regional Performance

New Cairo remains Elevate's core market, though the North Coast continues to grow as a seasonal revenue driver.

Region	Share of 2024 Sales	Notes
New Cairo	48%	Primary market; strongest villa demand
Sheikh Zayed	29%	Steady apartment and duplex sales
North Coast	23%	Seasonal peak: May – August

5. Leadership Team

Name	Role	Background
Yasmin El-Nabawy	Chief Executive Officer	14 years in Egyptian real estate brokerage and development
Omar Rashad	Head of Sales	Formerly regional sales director at a New Cairo developer
Dina Farouk	Chief Financial Officer	Background in real estate finance and investment analysis

6. Risk Factors

Management has identified the following factors as material risks to the business over the coming year:

- **Currency fluctuation** — The devaluation of the Egyptian pound increases construction and finishing costs for developer partners, which can affect unit pricing and buyer affordability.
- **Rising interest rates** — Higher financing costs may reduce demand from buyers relying on installment plans, particularly in the apartment segment.
- **Market competition** — A growing number of brokerage firms entering the New Cairo and Sheikh Zayed markets increases pressure on commission rates.
- **Seasonality** — North Coast chalet sales are concentrated in a five-month window, creating revenue volatility across quarters.

7. Strategic Initiatives & Outlook

Elevate Real Estate has outlined the following priorities for 2025:

- Expansion into the New Administrative Capital, with a dedicated sales office planned to open in Q2 2025.
- A target of EGP 3.6 billion in total sales value by the end of 2025.
- Launch of a virtual reality property tour platform aimed at overseas Egyptian buyers.
- Growth of the digital sales team from 8 to 15 members to support inbound international inquiries.
